- TOTAL POINTS awarded to date**
- MSA REGISTERED MARSHAL BONUS POINTS**
- Total Number of events attended during the Club year

**"YOUR NEXT EVENT" - Please don't be afraid to "name your event"** - Let me know ASAP whenever & wherever you have been marshalling. Points will be awarded for marshalling on ANY MSA or FIA event whether local, national or international! (But, if I'm not aware of you having marshalled on an event, I can't give you points!) You will NOT gain Marshals points for ORGANISING (or assisting in organising) unless it is a RHYL & DISTRICT MOTOR CLUB organised or co-organised event (in which case 20 points are automatically added to your account) **NON MOTORING EVENTS (eg. Quiz nights & other Social Events) do NOT classify for Marshalling points.**

10 Marshals points will be awarded to each marshal PER DAY MARSHALLED (to a MAXIMUM of 25 points) on any MSA or FIA affiliated Clubs event. Proof of Marshalling may be randomly requested to verify claimed points, so make sure you ALWAYS Sign on as a MARSHAL with the organisers and get your MSA Marshals Licence signed (if you have one)

These points all go towards an end of year MARSHALS AWARD & TROPHY - to be awarded to the Club member considered to have done the most marshalling during the 12 month period, as indicated by points accrued on this table. If you're out marshalling on ANY event, LET ME KNOW and CLAIM YOUR POINTS! Remember - 20 BONUS POINTS for registering as an MSA Marshal & 20 Points for attending an MSA Training Day

There's room for plenty more names, events & points! - simply let me know where & when you've marshalled an event & I'll list you!

2010 MARSHALS championship points scoring is to be altered slightly following on from the Sept 2009 committee meeting. It has been decided to award 15 points per NIGHT ROAD RALLY attended and 10 points per day attended for STAGE / CLASSIC / HISTORIC / ENDURANCE events attended (to a maximum cutoff of 30 points - ie 3 days). Double points scoring for marshalling on "home events" will still apply
